- Good Team Member.

PROJECTS

Online Job Portal

- An Online Job Portal is a website through which job seekers can register and apply for jobs.
- Traditional recruitment is time taking so to overcome this we build an online job portal.
- It provides the current openings/vacancies in any of the fields.
- Candidates can log in to the system and can also be able to upload their info through the CV.
- Admin stores all the information of candidates who have applied for a job & personal information.
- They also post new jobs.

Employee Documentation System

- E-Doc System to manage employee documents.
- HR will be able to manage offer letters, Appointment letters, salary slips, experience letters easily with help of the system for an organization.

Question & Answer Forum

- A Question & Answer Forum is an online questions and answer
- Forums are an excellent way to create social connections and a sense of community.
- They can also help you to cultivate an interest group about a particular subject.
- Use can use our page and also share his own opinion on particular topic.
